Dear Applicant,

The MATCHING GRANTS Program aims to encourage collaboration opportunities for innovative micro, small and medium-sized companies in the Republic of Serbia with strategic partners (e.g. private sector industry, R&D organizations and venture capital/private equity funds), with the goal to increase private sector investment in R&D (technology development) and commercialization projects for promoting new and improved products/services.

The Innovation Fund (IF) recognizes that many companies find it difficult to arrange the significant financial investment associated with the development cycle and the high cost of translating research into a commercially viable product. This program is designed to help these companies develop their R&D activities, establish collaborations with strategic private sector and R&D partners, attract investors and to bring their innovation to the market.

Applicants are private micro, small and medium sized enterprises incorporated in Serbia that have a technological innovation or potential for creation of new intellectual property (IP) with competitive global/domestic position and a clear market need.

The financing awarded by the IF under the MATCHING GRANTS program will cover a maximum of seventy percent (70%) of Approved Project Budget for micro and small enterprises and a maximum of sixty (60%) percent of total project costs for medium sized enterprises, but the total IF financing cannot exceed more than EUR **300,000** per project. The minimum of thirty percent (30%) of the total Approved Project Budget for small and micro enterprises and forty percent (40%) for medium sized enterprises is to be secured by the Applicant from other, private sector sources, independently of the IF.

Upon successful technology commercialization, the revenue (and not just the profits) derived from the sales of the product/service and any or subsequent products/service based on the technology developed in the project financed by the IF, will become the basis for the royalty payments in compensation for the IF financing under the MATCHING GRANTS Program. Any such royalty payments will be made at a rate of five percent (5%) of annual revenue derived from sales of product or service or 15% of licensing revenue derived from such product/service up to 120% of financing received from the IF for a period of up to five (5) years after project completion, whichever is achieved first. In case of the sale of the company or the technology developed using IF funds, payment of the 120% of the financing under the MATCHING GRANTS Program is required.

Financing decisions will be made on a competitive basis by the IF's independent Investment Committee (IC). The number of awards will be determined by the quality of the proposals and is subject to the total funds available or allocated to the MATCHING GRANTS Program. In addition, if and where applicable, this Program will also provide support for financial management, IP protection and business development training, as well as mentoring to the Awardees to enable them to prepare for the next stage of development.

This Manual provides information about the program and its application procedures, while keeping in mind international best practices adapted to suit Serbian conditions. We hope the information will help Applicants navigate easily through the process. Please do not hesitate to contact us with any questions.

This Grant Manual governs the implementation provisions of the MATCHING GRANTS Program and outlines procedures which are subject to modification based on the specific requirements of the Program's sources of financing (state budget of the Republic of Serbia, EU IPA funds, other donor sources, etc.).

Additional information and the timetable with the application deadlines will be available through the IF website (www.innovationfund.rs).

Finally, the Innovation Fund's long term strategy is designed to continually enhance the IF's innovation-supporting capabilities by streamlining its financing programs and procedures, and one of the key elements in this evolution would be to gradually implement a program framework based on the "stage gate process" methodology.

The goal of this effort is to shift the focus of the IF's financing programs towards tracking verifiable milestones and deliverables achieved by the Awardees when implementing their projects in cooperation with the IF and to better foster project success. These changes will be introduced in the dynamic and scope as IF's capacity and resources allow for.

Wishing you success,

Ivan Rakonjac, PhD

Managing Director

DEFINITIONS

Applicant	A company applying for the MATCHING GRANTS Program.
Approved Project Budget	Project budget approved by the IF.
Awardee	An eligible Applicant that has received a notice from the IF that it has been awarded financing and subsequently signed the Financing Agreement with the IF.
Application	The package of all necessary documents and data submitted by the Applicant, including Project Proposal.
Financing Agreement	A document signed by the Awardee and the Innovation Fund, governing the terms and conditions of the financing under the MATCHING GRANTS Program.
Final Settlement	A legal document signed by the IF and the Awardee at the end of the implementation of the project, defining the completion of the project implementation and the fulfillment of the obligations under the Financing Agreement.
Project Proposal	An integral part of the Application, consisting of a business plan, project budget, project presentation, financial forecast and Applicant statement.

1. PROGRAM DESCRIPTION

1.1. PROGRAM OBJECTIVES

Objectives of the program are:

- To stimulate commercialization of R&D and further knowledge-based development of innovative enterprises;
- To stimulate establishment of collaboration/partnerships with international companies/organizations;
- To increase the number of technology-based companies and prepare them for additional investment opportunities.

1.2. AMOUNT AND TYPE OF FINANCING

The program will cover a maximum of seventy percent (70%) of total project costs for micro and small enterprises and a maximum of sixty (60%) percent of total project costs for medium sized enterprises, but the IF financing cannot exceed more than EUR 300,000 per project. The minimum of thirty percent (30%) of the total Approved Project Budget for small and micro enterprises and forty percent (40%) for medium sized enterprises is to be secured by the Applicant from other, private sector sources, independently of the IF.

The financing approved by the Innovation Fund is based on specific needs of every Project, as originally submitted by the Applicant through their proposed Project Budget. However, before approving a Project Proposal for financing, the Innovation Fund's independent Investment Committee reserves the right to modify the proposed Project budget to better reflect the Project's proposed activities or to align the proposed Project Budget with the Program's rules and requirements.

Acceptable co-financing includes Applicant's own resources in cash contribution, existing or potential private investors/venture capital/private equity and private sector debt financing, strategic private sector industry and other private sector cash contributions and excludes any other financing from the IF or other public sector grants.

State aid regulation is applied to the financing received by the Awardee from the IF through his Program in accordance with the Innovation Fund's Rulebook on applying state aid rules.

1.3. ROYALTY PAYMENTS

The IF shares the risk with the Applicant in case of unsuccessful product/service/technology development, and thus will not seek royalty payments in such case.

If the project is successful (i.e. generates revenue) the Applicant will be responsible for the payment of royalties of up to 120% of total financing received under the MATCHING GRANTS Program or for up to five (5) years from project completion, whichever is earlier¹.

Royalty payments are made at a rate of five percent (5%) of annual revenue derived from sales of product or service (or subsequent products or services based on the technology developed during the project) or at a rate of fifteen percent (15%) for revenue derived from extending licensing rights for the technology up to 120% of total financing under the MATCHING GRANTS Program or for up to five

¹ The royalty payments are 120% of the total financing received under the MATCHING GRANTS Program. The royalty payments due are denominated in Euros and are to be made to IF in Serbian Dinars (RSD) at the official average exchange rate of the National Bank of Serbia on the date of the payment.

(5) years, whichever is earlier. In case of the sale of the company or the technology developed using IF funds to a foreign entity, where the company operations and/or IP are transferred abroad, lump sum royalty payment of the 120% of the financing received under the MATCHING GRANTS Program is required.² Awardee is responsible to notify the IF about any sale of the rights to the technology, product or service developed using financing under the MATCHING GRANTS Program to third parties.

Following the completion of the project, the Awardee will be required to prepare and submit to the IF commercial sales reports every six (6) months, including data on revenue derived from sales and/or licensing of the product/service/technology financed under the MATCHING GRANTS Program and the required amount of royalties to be paid.

Royalties will not be charged past five (5) years of project completion. The maximum total royalty payment obligation will not exceed 120% of the total financing received under the MATCHING GRANTS Program. The IF will accept early royalty payments.

1.4. DURATION OF THE PROJECT

The project and the project budget must be designed for completion within a maximum of 24 months. Extensions of the project are generally not allowed. However, the project may be extended for up to additional six (6) months under exceptional circumstances (unforeseen delays in project implementation caused by administrative, financial or other procedural factors; force majeure events which include, but are not limited to floods, fires, earthquakes, draughts, power and water shortages or general shortages of basic resources necessary for project implementation, armed conflict, etc.) at the discretion of the IF's independent Investment Committee. The approved amount of financing is not subject to increase.

1.5. INDUSTRY AREAS

The IF will consider financing of projects coming from all fields of science and technology from any sector of the economy.

1.6. ELIGIBILITY

Each Application received will be evaluated and assessed for eligibility using the following criteria:

- The Applicant is a legal business unit, incorporated under applicable/current Serbian Company Law, registered at the Serbian Business Registration Agency (SBRA) and located in Serbia;
- The Applicant is a private sector (at least 51% privately owned), micro, small or medium sized company³.

Applicants that meet any of the following criteria are NOT eligible to apply for the MATCHING GRANTS Program:

- Applicant has received financing from any other IF financing program for the same or similar activities;
- Applicant had revenue over EUR 50,000,000 in any of the prior two years;

² Details regarding royalty payments can be found in the IF's Royalty Manual, available on the IF's website.

³ in accordance with the current Law on Accounting of the Republic of Serbia

- Applicant is under control and/or majority owned (greater than 50%) by a parent company that is an operating or holding company that had revenue, or is part of the group that had revenue over EUR 50,000,000 in any of the prior two years;

Modified and improved Applications are allowed. However, an Applicant can resubmit substantially the same Application only once (regarding all IF's financial programs). An Application which is substantially the same as any two Applications (i.e., based on the substantially same or similar innovative technology, product or service and business plan) previously submitted to the IF by the Applicant will not be considered for further evaluation.

Any Applicant that is submitting a modified and/or improved Application which has already been submitted in the past calls for proposals needs to fill out the appropriate section for returning projects in the business plan and project presentation documents and to clearly illustrate the progress that was made since the time of the previous application.

Application submitted by an Applicant who is already implementing a project within the IF's Mini Grants, Matching Grants and the Collaborative Grant Scheme Program at the time of the submission **will not be taken into consideration.**

1.7. EVALUATION CRITERIA

Applications will be evaluated based on the following criteria:

- Management and key personnel credentials and ability of the company to deliver;
- Innovative technology, product or service; clear IP position and potential;
- Clear market need, competitive (preferably global) position and commercialization potential;
- Potential for generating revenue within two to three (2-3) years after the project start;
- Viable implementation methodology and capabilities and project milestones;
- Use of funds and adequacy of the project budget;
- Technology and implementation risk management.

Only Project Proposals satisfying all above mentioned criteria will be recommended for financing.

1.8. ELIGIBLE EXPENSES

The following expense categories are eligible for financing under the MATCHING GRANTS Program:

- Salaries (inclusive of all social benefits for employees working on the project)*;
- R&D equipment and materials and supplies;
- Offices and business support;
- R&D services, subcontracts**;
- R&D experts/advisors**;
- Patent application and fees, certifications.

Taking into account the uniqueness of every Application, the percentages of the Project Budget that are allocated to each category may vary depending on the Project Proposal goals, may be adjusted to

better reflect the Project Proposal goals and should be clearly justified in accordance with Project Proposal objectives.

Only expenditures accrued during the Project in accordance with the Approved Project Budget and completed by the end of the project are eligible for financing.

** Maximum single salary allowed amounts up to three national average salaries according to the latest issue of national gazette.*

*** This category may include business development services incurred directly as a result of research activities, i.e. those services directly related to the R&D activities of Project Proposal.*

1.9. NON-ELIGIBLE EXPENSES

Expenses that will not be considered for financing include but are not limited to:

- Interest or debt owed to any party;
- Expenditures and provisions for possible future losses or debts;
- Taxes, including VAT⁴, duties and charges;
- Items already financed through another framework, program or company/institution;
- Currency exchange losses, fees and penalties;
- Marketing, sales and distribution costs for promoting the technology, product or service;
- Entertainment and hospitality expenses;
- Recruitment, relocation or subscription costs;
- Travel costs (including per diems);
- Purchase of land or buildings, including any renovation;
- Any activities outlined in the Annex A (Exclusions) of the Environmental and Social Management Framework publicly disclosed on May 8, 2015;
- Cash payments from the dedicated project account;

1.10. PROCUREMENT PROCEDURES

The Goods and Consultancy services contracts may be procured through acceptable **Commercial Practices** defined below:

GENERAL PRINCIPLES

The procurement contract must be awarded to the tender offering best value for money (i.e. the tender offering the best price-quality ratio), or, as appropriate, to the tender offering the lowest price. In doing so, the Awardee shall avoid any conflict of interests and respect the following basic principles:

- Where the Awardee does not launch an open tender procedure they shall justify the choice of tenderers that are invited to submit an offer.

⁴ The project funds must not be used for VAT or any other tax payments. Depending on the sources of financing for the MATCHING GRANTS Program and in cases where applicable, the funds awarded to the Awardee may be VAT exempt. If and where applicable, any requests for VAT exemption submitted to Tax Authorities for purchases (for goods and/or services) larger than EUR 5,000 must be previously approved and co-signed by the IF.

- The Awardee shall evaluate the offers received against objective criteria which enable measuring the quality of the offers and which take into account the price (the offer with the lowest price shall be awarded the highest score for the price criterion).
- The Awardee shall keep sufficient and appropriate documentation with regard to the procedures applied and which justify the decision on the pre-selection of tenderers (where an open tender procedure is not used) and award the decision.

Organizational arrangements of the Awardees to conduct procurement shall take into consideration the need for economy, efficiency and transparency of the various procurement activities defined in the Project Proposal, their timing and quality of the procured goods and consultancy services.

For **contracts estimated to cost below EUR 25,000**, the IF will verify the proof of purchase through a review of invoices and contracts and conducting on-site verifications on a sample basis. Procurement may be executed through telephone or verbal solicitations.

For procurement of goods and services **for contracts estimated to cost EUR 25,000 or more**, the Awardees will be required to provide 3 (three) relevant quotations and a detailed specification of the proposed purchase to the IF for prior review and approval. If three viable, competitive quotations cannot be obtained, a justification should be documented for IF prior consent. Only after obtaining the IF's written consent the Awardee will be allowed to finalize the procurement procedure and make corresponding payments.

Contracts may also be placed by the Awardees based on direct/single source in cases where benefit of competition has been considered and rejected for sound reasons. Direct/single source selection may be considered with proper justification notes in file.

In principle, selection of suppliers/firms/individuals will be based on consideration of price, quality, reliability and performance and the contract award shall be made to the lowest responsive and qualified bidder. If award is made not to lowest responsive bidder, a justification note shall be filed in the documents.

Awardees may award contracts to their parent or affiliate companies if there is an established arm's length arrangement or if the Awardee can demonstrate that the proposed contract price is in line with prices prevailing in the market – such contracts will require prior review and approval by IF.

The procurement of second hand or refurbished goods shall not be eligible for financing.

Awardees will ensure that the financing is used to buy only those goods and consultancy services necessary to carry out the project and that they are procured in the most economical and efficient and transparent manner.

All procurement complaints received by Awardees will be addressed by the IF.

All contract information and project-related facilities shall be available to the IF staff for review.

1.11. ACCEPTANCE OF TERMS

By submitting a Project Proposal, the Applicant agrees to accept all relevant terms required by the IF in order for the Project Proposal to be considered and evaluated. Therefore, the Applicant agrees to accept the terms for the following:

- MATCHING GRANTS Program and its requirements;
- Applicant Statement;
- Financing Agreement;
- Environmental and Social Management Framework;

- Confidentiality Policy and Prevention of Conflict of Interest Policy;
- Intellectual Property and know-how requirements;
- Commercial procurement practices as described in section 1.10 of this document.

Furthermore, the Applicant agrees to undertake all necessary actions in order to prevent possible Fraud and Corruption activities during the implementation of the Project. In pursuance of this policy, the practices constituting Fraud and Corruption are defined as follows:

- (i) “corrupt practice” is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the actions of another party;
- (ii) “fraudulent practice” is an act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
- (iii) “collusive practices” is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- (iv) “coercive practices” is impairing or harming, or threatening to impair or harm, directly or indirectly, persons or their property to influence their participation in a procurement process, or affect the execution of a contract;
- (v) “obstructive practice” is:
 - (a) deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede an investigation into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation, or
 - (b) acts intended to materially impede the exercise of inspection and audit rights.

Before applying for the Innovation Fund’s programs, the Applicant is advised to carefully read all relevant documents and contact the IF staff if any questions arise.

1.12. IP AND KNOW-HOW REQUIREMENTS

Any new IP and know-how, which may be created during the implementation of the Project, must belong to the Applicant. The Applicant has to secure these IP and know-how rights in agreements concluded with any third party.

1.13. INFORMATION REQUIREMENTS DURING AND AFTER PROJECT IMPLEMENTATION

Should financing be received, the Awardee will be asked to provide the IF with certain standardized information to help the IF monitor information pertaining to: employment figures, revenue generation, taxable income, employee salaries, financial management, environmental management, additional financing, and information regarding to the Awardee’s operations and business affairs. Up to three years after the completion of the grant project, the Innovation Fund also reserves the right to request from its Awardees any corporate information deemed relevant to the IF’s process of monitoring and evaluation of the MATCHING GRANTS Program. Awardees are obliged to make their best efforts to deliver the required information within one month following IF’s request. The Innovation Fund will treat all received information in accordance with its Confidentiality Policy.

Following the completion of the Project, the Awardee will be required to prepare and submit to the IF commercial sales reports every six (6) months, including data on revenue derived from sales, and revenue derived from licensing of the product/service/technology financed under the MATCHING GRANTS Program, as described in the Section 1.3. Royalty Payments.

2. APPLICATION DOCUMENTATION

In order for any Application to be evaluated, it needs to be submitted as a complete, structured documentation package within the given submission deadline electronically through the IF portal. A complete set of necessary Application documentation can be found on the Innovation Fund's website and the MATCHING GRANTS Program portal (www.innovationfund.rs). Applicants are expected to download these documents and become closely acquainted with their content before beginning to prepare their Applications.

Only complete Applications will be accepted. The Innovation Fund will provide support to all interested Applicants in regards to the administrative aspects of preparing Project Proposals for the MATCHING GRANTS Program. Furthermore, following the closing of a Project submission deadline, the IF will provide a period in the eligibility review phase during which the Applicants can rectify administrative deficiencies pertaining to the contents of their Application, but only in cases where the appropriate application templates provided by the IF were originally submitted by the Applicant. The complete Application documentation consists of two different types of documents:

Project Proposal documentation:

- Applicant Statement;
- Business Plan;
- Project Budget;
- Project Presentation;
- Financial Forecast (Projected income statements for the next 5 years);
- Environmental Screening Questionnaire (ESQ)⁵;
- CVs of the key personnel to be engaged in the project (maximum 5).

Financial documentation:

- Financial statements for the last two years, where applicable;

3. APPLICATION PROCEDURE

3.1. GENERAL INSTRUCTIONS FOR THE APPLICATION PROCESS

While preparing the Application please consider the following:

- There is only one Application submission per Applicant per Call for proposals;

⁵ If applicable, the Applicant may be required to submit an Environmental Management Plan (EMP) at a later stage of Project Proposal evaluation.

- Only Applications submitted using the IF online application portal and predefined document templates will be considered;
- Applicants will receive automatic e-mail verification upon Application submission on the IF online application portal. Should an Applicant not receive confirmation, the Applicant should contact the IF staff;
- Only complete Applications will be accepted.

3.2. REGISTRATION PROCEDURE INSTRUCTIONS

In order to apply for this program, the Applicants first need to register an account on the IF's portal, accessed via the IF website. The registration request is approved by the Innovation Fund staff after preliminary assessment of the information provided in the account registration request (corporate and tax ID, basic company information and contact person details).

Processing the Applicant's registration request may take up to three (3) business days. Applicants are advised to submit their registration requests in a timely manner and upload necessary Application documents to avoid being locked out of the deadline for calls for proposals.

Upon approval of the account registration request by the IF staff, the Applicant will receive a confirmation e-mail with the necessary login credentials. The account then becomes active and is used to submit the necessary Application documents in electronic form. The e-mail address of the contact person given in the Applicant registration form needs to be a valid e-mail address as it will be used for future communication with the Applicant.

Applicants can open several projects with their account, but can only submit one (1) Project Proposal within a Call for proposals. Applicants with existing login credentials cannot register again due to corporate ID restrictions and can freely use their existing credentials to create new projects under the "MATCHING GRANTS" tab.

3.3. APPLICATION SUBMISSION INSTRUCTIONS

Applicants can freely create new projects and upload documents at all times, but the submission of Applications is disabled until a call for proposals is officially launched by the IF. Once enabled, the submission of Applications is possible until the deadline given within the details of the Call for Proposals and published on the Innovation Fund's website.

When the Applicant has successfully activated their account on the IF portal and submission of Applications becomes allowed, the Applicant can upload all the necessary Application documents to the designated slots within their project and then submit the Application for evaluation.

Once uploaded, each document can be overwritten by simply repeating the upload procedure, if the Applicant needs to update or replace the file for whatever reason. Please keep in mind that the previously uploaded document is permanently removed and replaced in the process. Overwriting of previously uploaded documents is possible up until the expiration of the Application submission deadline.

Upon uploading all necessary documents, the Applicant must officially confirm the Application documents' validity by clicking the "Submit" button. This action informs the Innovation Fund that the Project Proposal is finalized and ready to be evaluated.

Applicants should keep in mind that the "Submit" button must be clicked before the expiration of the deadline in order for the Project Proposal to be taken into consideration for further evaluation. Furthermore, Applicants are free to make alterations or modifications to the submitted documents before the expiration of the Application submission deadline and have to validate the new refreshed Application documentation by clicking the "Submit" button.

It is the Applicant's responsibility to ensure the timely submission of the information/documents. The Applications submitted after the deadline will not be considered for the evaluation.

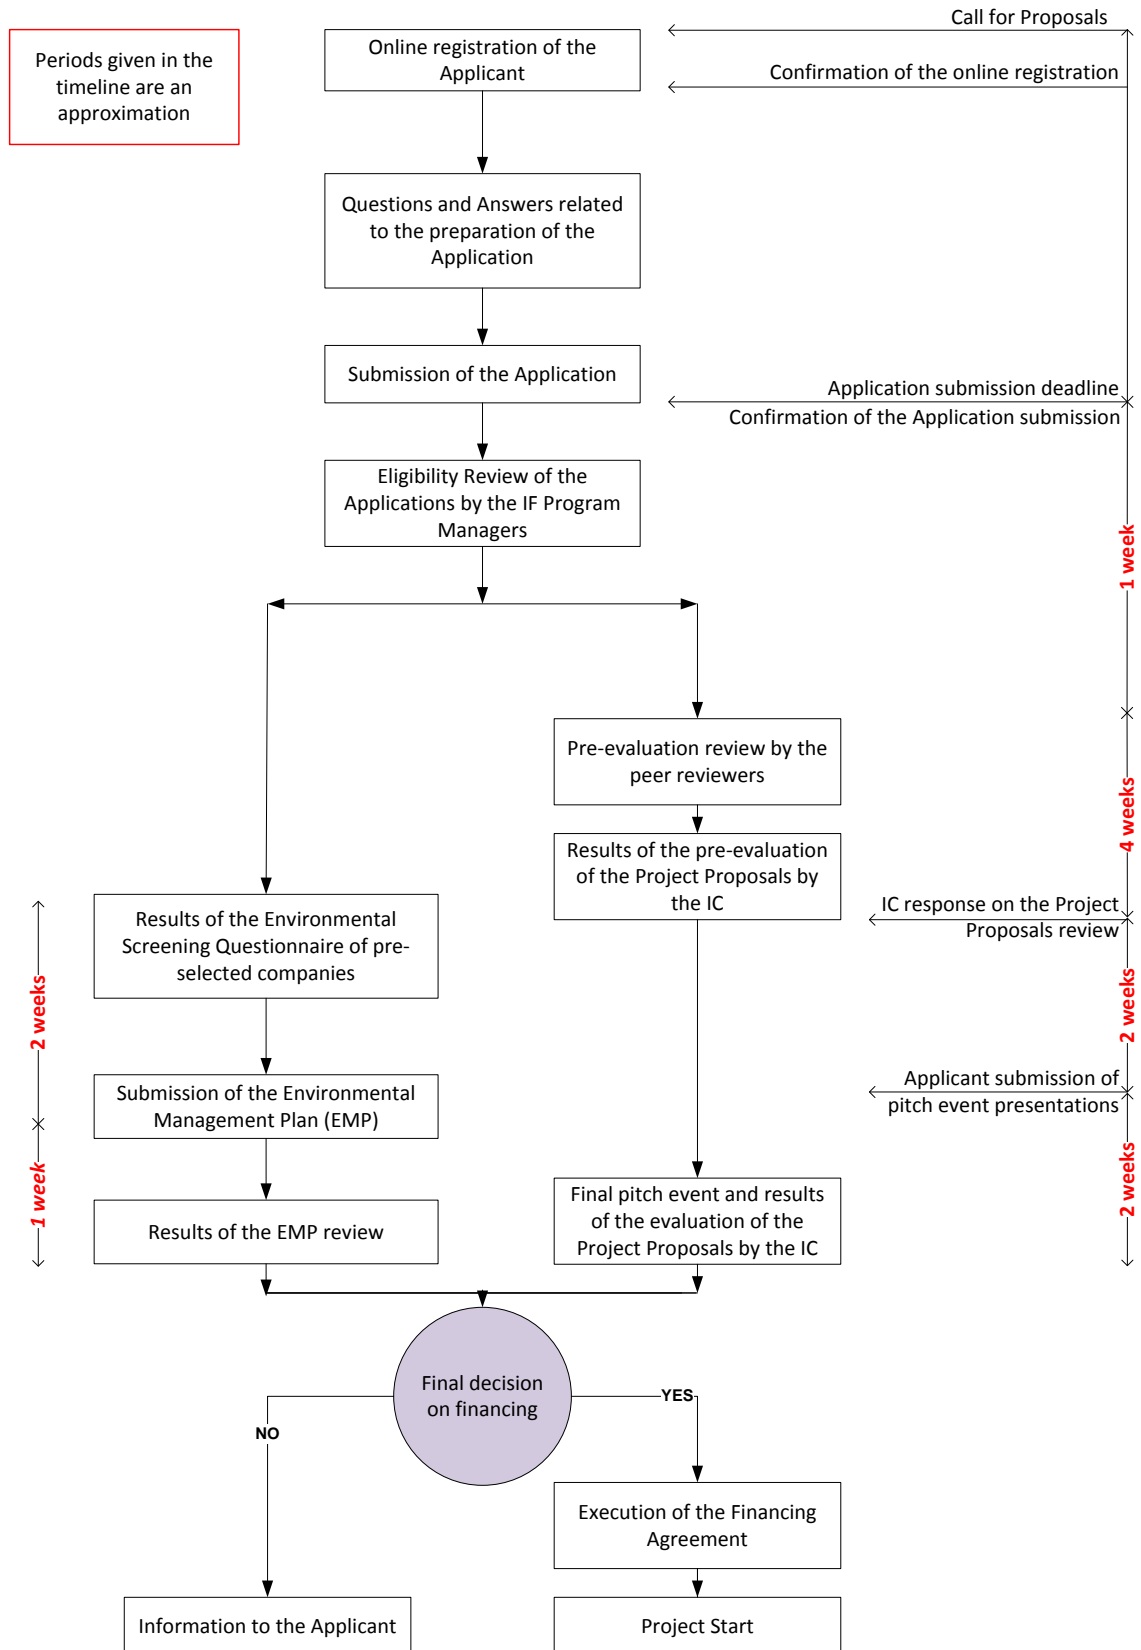

3.4. PROCESS FLOW AND TIMELINE

The application process is structured in the following manner:

1. Registration of the Applicant on the IF portal
2. Applicant's creation of a new project by selecting the "MATCHING GRANTS" option
3. Upload and final submission of Application documents
4. Eligibility review by the IF staff
5. International independent evaluation of submitted Project Proposals
 - a. Technical review by international Peer-reviewers
 - b. Evaluation and pre-selection by the Investment Committee
 - c. Environmental screening for pre-selected Applicants
 - d. Final decision on financing by the Investment Committee
6. Signing of the Financing Agreement and beginning of project implementation

Applicants that have registered in the past are to use their previously received login credentials for any subsequent Application.

Figure 1: Application Procedure

3.5. PROJECT EVALUATION AND FINANCING DECISION

3.5.1. THE ELIGIBILITY REVIEW

After the Application is submitted, the IF staff will conduct a desk review of the eligibility and completeness of the submitted Application as well as initial screening of the submitted documents (where applicable). Please observe that only fully completed, signed, and electronically submitted Applications will be considered for further evaluation. During this stage, the IF will provide every Applicant whose Application was initially determined to be administratively deficient with a 72-hour window to rectify the identified deficiencies, but only in cases where the appropriate templates provided by the IF were originally submitted by the Applicant. Ineligible Applicants will be notified of their ineligibility by email, after the IF completes eligibility review of all submitted Applications.

If an Applicant wishes to file a fact-based objection to the outcome of the eligibility review (citing evident omissions, oversights or mistakes made by the IF staff), they may submit a formal letter of objection to the IF, written in English and not exceeding 500 words within 8 calendar days from the day of receiving the original eligibility review decision notification.

3.5.2. PRE-SELECTION OF APPLICATIONS

The pre-evaluation of the Applications for the MATCHING GRANTS Program includes a technical peer-review by independent international reviewers. Following this step, based on its own review of the complete Application and taking into consideration the results of the peer-review, the IF's independent Investment Committee will pre-select via consensus Applications for further consideration for financing under the IF's MATCHING GRANTS Program.

If an Applicant wishes to file a fact-based objection to the outcome of the preselection decision (citing evident omissions or mistakes made by the Investment Committee or the IF staff), they may submit a formal letter of objection to the IF, written in English and not exceeding 500 words within 8 calendar days from the day of receiving the original preselection decision notification.

During the course of the evaluation of submitted Applications, the Applicant may be required to submit supplemental information. Applicants will also be required to host the on-site visits by the IF staff and contractors (or its representatives) for the purposes of the evaluation, when and if necessary.

3.5.3. ENVIRONMENTAL MANAGEMENT⁶

In regards to the Environmental Screening Questionnaire (ESQ) evaluation, the pre-selected Applicants will be informed about the results of the ESQ evaluation only if the EMP is required. When the project requires the preparation of the EMP, it is the responsibility of the Applicant to prepare the EMP and submit it within two (2) weeks after feedback on the ESQ is provided. The guidance on the content of the EMP is provided in the Environmental and Social Management Framework (ESMF) available on-line (www.innovationfund.rs). Environmental and Social Management Framework specifies environmental and social procedures for implemented projects to adhere to, which are consistent with WB Safeguard policies and Serbian national legislation. In cases where the project requires an EMP and the Applicant does not prepare it, that Application would become ineligible for further evaluation.

⁶ As per Environmental and Social Management Framework (ESMF) the Applicant is obliged to follow the environmental procedures.

3.5.4. FINANCING DECISION

The final decision for financing under the MATCHING GRANTS Program is made by the IF's independent Investment Committee via consensus at a live pitch event. During this event, all pre-selected Applicants which have been previously approved by the IF's independent Environmental Expert will be given the chance to present their Projects in front of the independent Investment Committee. The IF's independent Investment Committee is responsible for selecting Awardees for financing based on the complete Application, the result of the technical peer reviewer feedback and the results of the live pitch event presentation. Following the Investment Committee's decision to award financing, the Applicant will be notified about the positive decision on financing and subsequently offered to sign the Financing Agreement. In case any significant changes arise within the structure of a Project (or the Applicant) that was approved for financing before the signing of the Financing Agreement, the independent Investment Committee reserves the right to alter and adjust its decision in accordance with these changes.

4. IMPLEMENTATION AND MONITORING OF THE PROJECT

4.1. GENERAL IMPLEMENTATION PRINCIPLES

The Awardee is required to carry out the project diligently, timely and efficiently in accordance with the terms of the MATCHING GRANTS Program and the Financing Agreement and with sound technical, economic, financial, managerial, environmental and social standards and practices. The Awardee is required to maintain adequate policies, procedures and records to enable the IF (or its representatives) to monitor and evaluate the progress of the project and the achievement of its objectives, as well as financial transactions pertaining to the project.

The Awardee is required to carry out the project in accordance with the provisions of the Environmental and Social Management Framework and the Environmental Management Plan (where applicable) and to take in a timely manner all measures to enable the IF to monitor the provisions of the Environmental Management Plan.

The Awardee is required to implement the project in accordance with the Project Proposal. Any significant deviation from the Project Proposal (e.g. project is not on schedule for completion within timeframes defined in the Project Proposal, proposed milestones are not achieved) requires prior written consent of the IF.

The IF reserves the right to require Awardees to submit to the IF for prior approval all contracts with third parties related to the purchases of goods and/or services unless the contracts were approved prior to the signing of the Financing Agreement.

4.2. DISBURSEMENT OF PROJECT FUNDS

The Awardee must open a dedicated project bank account where project financing from the IF and co-financing from the Awardee is transferred. This account must not be used for any other purpose except for implementation of the approved project. The Applicant bears full legal responsibility for this account, documents all the payments made to and from it and reports them back to the Innovation Fund.

The project funds are disbursed on a quarterly basis. The disbursement amount will cover up to seventy percent (70%) of the Approved Project Budget for the quarter for micro and small enterprises and up to sixty (60%) for medium sized enterprises. However, prior to the quarterly disbursement, the

Awardee must submit, along with the quarterly progress- and financial- report, a bank account statement showing that the Awardee has deposited in the dedicated account a minimum of thirty percent (30%) of the total amount of funds requested for the particular quarter for micro and small enterprises and at least forty (40%) for medium sized enterprises.

Prior to next quarterly disbursement, the Awardee must submit quarterly progress- and financial- reports within two (2) weeks after the last calendar day of the project quarter along with other required documentation.

Upon review and approval of the reports by the IF, the Awardee will be eligible for disbursement for the next quarter adjusted for difference in prior quarter budgeted figures and actual costs.

Disbursement for the last quarter of the project will be reduced by an amount of up to 10% of the total IF financing as per Approved Project Budget for the second year of the project (or for the first year of the project, where applicable) until the monitoring of the project is completed as defined in section 4.3.

The final disbursement for eligible expenses will be made upon review and approval of the final progress report and the quarterly financial report for the last project quarter and upon completion of the project in accordance with the provisions of the Financing Agreement and signing of the Final Settlement. The review and approval of the reports will take approximately two (2) weeks and may be subject to an on-site monitoring visit as described in Section 4.3.

All payments to the Awardees are made in Serbian Dinars at the official average exchange rate of the National Bank of Serbia on the date of the disbursement.

Awardee is allowed up to 10% expenses variations from the total Approved Project Budget within any of major budget categories and the Awardee is obligated to inform the IF regarding any such variations. Should the expenses variations related to any major budget category be expected to exceed 10% during the course of the project, a written request for funds reallocation must be submitted to the IF for approval by the IF's independent Investment Committee.

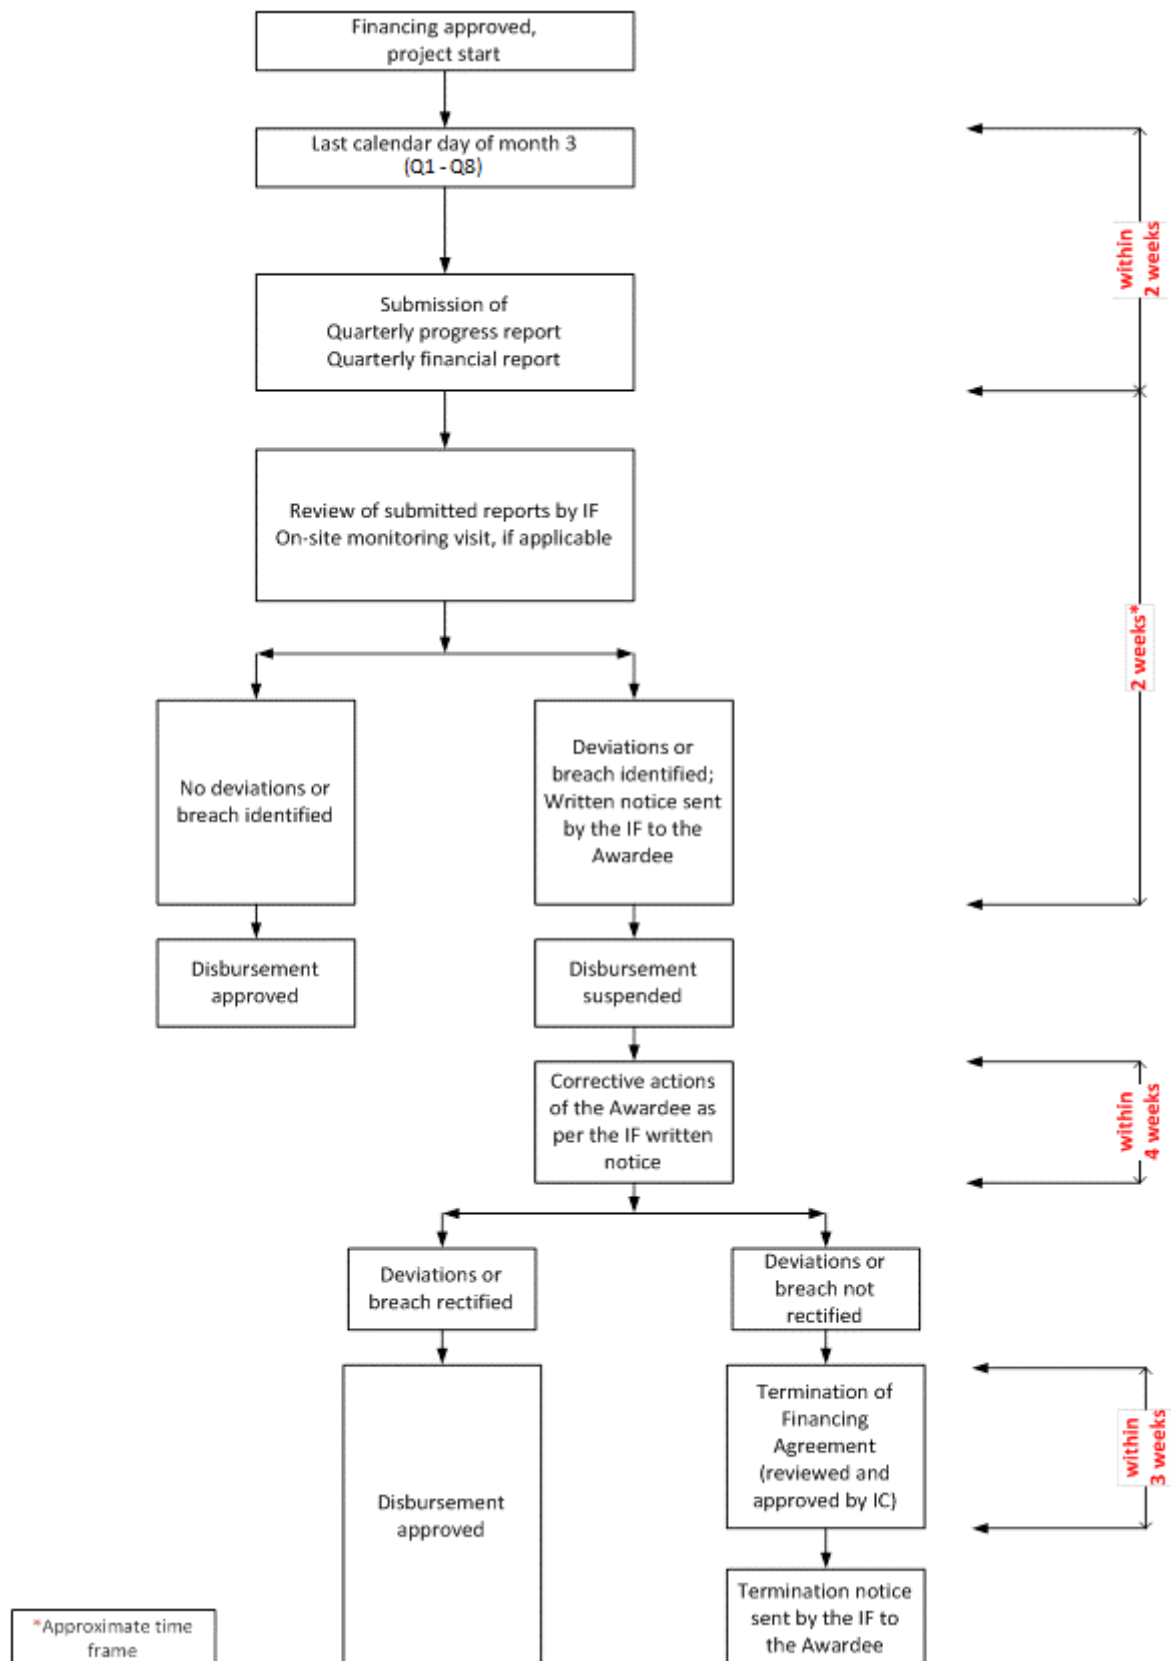

4.3. MONITORING OF THE PROJECT

Prior to disbursement of funds to the Awardee, monitoring of the project is required by the IF. The purpose of the monitoring is to assess the progress of the project in implementing the task activities, and to assure that financial expenditures are in accordance with the Approved Project Budget for the given period. Methods of monitoring include:

- A) Review of submitted quarterly progress- and financial- reports;
- B) On-site monitoring visits at IF's discretion;
- C) Review of submitted final progress report.

For the comprehensive picture on the monitoring procedure, please see Figure 2.

Figure 2: Monitoring procedure

4.3.1. REPORTING

The Awardee is obligated to provide the Innovation Fund with accurate, timely and coherent quarterly financial and progress reports pertaining to the project, in predefined intervals.

Two (2) weeks after the last calendar day of each quarterly period (i.e. every 3 months), the Awardee needs to submit the quarterly progress and financial report (including all supporting documentation) to the Innovation Fund for review. This is followed by the monitoring visit (where applicable) that may be conducted by the IF staff or its representatives. Upon review and approval of the reports and subject to positive outcome of the monitoring visit (where applicable), the Awardee will be eligible for disbursement for the next period.

Following the Innovation Fund's review of this reporting documentation, for any deviations in the quarterly progress- and/or financial report that are unintentional or technical mistakes and are not a result of the Awardee's mismanagement of financials or project activities, the Awardee will be required to update the quarterly progress and/or financial report and resubmit it to the IF as per IF written notice. Additional check-ups by the IF may be made. The payment will be made after the updated progress and/or financial report are approved by the Innovation Fund.

Once the reports have been approved by the IF, the Awardee needs to present a statement from the dedicated bank account which shows that the Awardee has secured and deposited necessary co-financing required for the next period. This supporting documentation is to be provided in electronic form only.

In addition to the formal reports required under the Financing Agreement, it is the Awardee's obligation to report significant project events to the IF, positive or otherwise. As a contributor to the project, the IF would like to be kept abreast of the project status. In the event of favorable variations or unforeseen problems, the IF's early awareness will enable the IF management to work with the project team in implementing any necessary changes to program activities, including re-scheduling and re-budgeting.

Any changes to the project (e.g. regarding project implementation, timelines, project budget, deliverables, project staff, etc.) should be communicated to the IF in writing as they require the IF's written consent. Such changes may not be effective before the written consent is issued to the Awardee.

4.3.2. PROGRESS REPORT

Within two weeks after the end of each reporting period, Awardees are required to submit quarterly progress reports pertaining to project progress (i.e. development activities), describing in detail all previously completed and currently on-going activities, as well as actions planned for the upcoming period. This progress report needs to compare results achieved during the reporting period to the list of activities, time table and indicators originally defined and approved in the Project Proposal.

Activities performed during a reporting period must correspond to the financial information that appears in the financial report.

If necessary, the Awardee can submit a revised development plan to reflect any modifications to the original plan of activities. Furthermore, the Awardee is to provide an updated action plan for the upcoming period.

The progress report is to be signed by the authorized legal representative of the Awardee and submitted to the IF Portal. The template of the progress report can be downloaded from the IF's website and Portal.

4.3.3. FINANCIAL REPORT

Within two weeks after the end of each reporting period, Awardees are required to submit financial reports for the previous period, supported by all relevant financial documentation related to project activities. The financial report must document all actual expenditures paid from the dedicated project account. These expenditures must be properly itemized and categorized in accordance with the Approved Project Budget as found in the Financing Agreement.

The purpose of the financial report is to enable the IF to monitor actual expenditures on the project and to assist in decisions relating to the continued financing of the project.

Supporting financial documentation needs to include (but is not limited to) invoices, delivery receipts, payroll calculations for personnel paid from the project, consultant reports on work performed, consultant deliverables (wherever applicable), service delivery reports for all purchases and all bank statements from the dedicated project account.

No depreciation will be provided in these statements as per IF financial management requirements. Similarly, the Awardee will recognize salaries as an expense at the moment of payment (accruals will not be eligible for financing).

The Awardee is expected to keep financial records for the project separate from other existing and/or future projects for the period of the project duration.

The Awardee will permit the IF or persons or auditors appointed by the IF to inspect and audit its accounts and records and other documents relating to the Project and performance under the Financing Agreement. Any failure to comply with this obligation may constitute a prohibited practice subject to Financing Agreement termination by the Innovation Fund.

Financial report is to be signed by the authorized legal representative of the Awardee and submitted to the IF Portal. The template of the financial report can be downloaded from the IF's website and Portal.

4.3.4. FINAL PROGRESS REPORT

Within four weeks after the end of the final reporting period, Awardees are required to submit the final progress report pertaining to project progress (i.e. development activities), describing in detail all previously completed and currently on-going activities, as well as actions planned for the upcoming period. This final progress report needs to compare results achieved during the entire project implementation period to the list of activities, time table and milestones originally defined and approved in the Project Proposal.

Final progress report is to be signed by the authorized legal representative of the Awardee and submitted to the IF Portal. The template of the final progress report can be downloaded from the IF's website and Portal.

4.3.5. MONITORING VISIT

The purpose of the monitoring visit by the IF staff is primarily to verify that project development and financial activities are occurring as reported and as stated in the approved project documents. The IF will perform monitoring visits at least semiannually or more often, if deemed necessary. The IF staff will notify the Awardee in writing by email approximately one (1) week in advance about the monitoring visit. The notification will outline the purpose of the visit, what is to be reviewed, and who should attend the visit and the meeting during the monitoring visit.

Monitoring visits will typically include a review of project implementation (e.g. procedures, milestones with measurable results, timelines, tasks, agreements, policies, and financial documentation) as well as in-person meetings with relevant project team members. At the end of each monitoring visit, the IF staff will discuss findings from the meeting with relevant project team members and clarify which corrective actions to pursue after the visit, if any. If the monitoring visit has identified any concerns, the Awardee will be required to correct these deficiencies within agreed timelines. Further financing depends on the severity of problem and it will be suspended until the deficiencies are corrected.

4.3.6. MASTER FILE

Awardee should create a master file at the beginning of the project period. This master file should include the following documentation:

- Application and supporting documentation as specified in Section 2 of this manual;
- Any official documentation exchanged between the Awardee and IF during the application period (e.g. response from the IF's independent Investment Committee, notifications from IF, etc.);
- Award notification;
- Any official documentation exchanged between the Awardee and the IF during project implementation;
- Copies of all reports required by and submitted to the IF;
- Copies of all invoices and supporting financial documentation related to proof of purchase and payments from the dedicated project account;
- Records including agreements with third parties, invoices and other payment records that are related to the project. During the monitoring visit the master file must be made available.

The Awardee needs to archive all project documentation in the master file for a period of at least 3 years following project completion.

4.4. TERMINATION OF FINANCING

In case of termination of financing due to the breach of any terms of the MATCHING GRANTS Program or the Financing Agreement, the Awardee will be required to refund all or any part of the amount disbursed by the IF as determined by the IF under the Financing Agreement.

If the Awardee terminates the Financing Agreement or abandons the project, the Awardee shall be obliged to refund to the IF the entire amount disbursed to the Awardee.

If, upon the termination of the Financing Agreement for any reason, the entire disbursed amount has not been expended, the Awardee shall return to the IF the IF's pro rata share of such unexpended portion and if not repaid forthwith, such sum shall bear interest.

The Innovation Fund will undertake its best effort to maintain timely disbursement of project funds to the Awardee, taking into account the Innovation Fund's access to and availability of said funds.
